“Leadership is not about titles, positions, or flow charts. It is about one life influencing another”
 – John Maxwell

India with its rich demographic dividend is ready to soar high in the skies of innovation and development. It is time for the country to rise to the challenge of grooming this massive pool of talent at its disposal. IIM Lucknow’s Manfest-Varchasva presents the Young Leaders Program in an attempt to play its small part in this transformation.

With eminent personalities sharing their inspirational words and offering mentorship, the program seeks to craft leaders of tomorrow. Spread across three days, from 17th-19th November 2017, it seeks to broaden the horizon of today’s generation through a host of engaging interactions to bring out the emerging leaders in them.
